

LOW VOLTAGE LED WIRE SYSTEM SPOTLIGHTS

**PLEASE READ THESE INSTRUCTIONS CAREFULLY BEFORE INSTALLATION
LEAVE A COPY FOR THE USER / MAINTENANCE ENGINEER FOR FUTURE REFERENCE**

IMPORTANT INSTALLATION INFORMATION

- Installation should be carried out in accordance with the latest edition of the I.E.E. Wiring Regulations (BS7671). If in doubt, consult a qualified electrician.
- Before commencing installation or maintenance, ensure electricity is switched off at the mains.
- Ensure that ALL electrical connections are tight with no loose strands.
- The Aurora Low Voltage Wire System is suitable for indoor use only.
- Non Dimmable
- Do not mix LED and Halogen spotlights on the same wire system.
-  Low Voltage Wire System is suitable for mounting on normally flammable surfaces.

IMPORTANT USER INFORMATION

- Always switch off the mains supply before servicing, fitting or changing the lamp.
- Use only with the Aurora wire track system.
- LED spotlights have no replaceable parts
- DO NOT OVERLOAD THE TRANSFORMER WHEN ATTACHING SPOTLIGHTS. MAX LOAD 250W.
- Note: The cable clamp on the spotlight may loosen over a period of time and may cause intermittent operation of the spotlight. If not corrected this may cause electrical arcing and failure of the wire system. Retighten the clamp as soon as a problem is noticed to restore the connection.

INSTALLATION INSTRUCTIONS

1. Unscrew the two knurled cable clamp caps from the spotlight.
2. Fit the track wire into the slot on the spotlight. Position the spotlight into the required position.
3. Screw the cable clamps back onto the spotlight. Ensure that the clamps are tight and the point pierces the insulation and makes a positive contact with the internal conductor of the wire.
4. Switch on the power supply and check the operation of the low voltage wire system.

Environmental Protection (W.E.E.E.) – Aurora's WEEE Reg.No. WEE/BG0130YX

Waste Electrical & Electronic Equipment Regulations (WEEE) requires that any of our products showing this marking (left) must not be disposed of with other household or commercial waste. Aurora does not levy any WEEE disposal charges to its customers for affected WEEE related products. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate any such product from other waste types and recycle it responsibly at your local facilities. Check with your Local Authority, Recycling Centre or retailer for recycling advice. If, when you purchased any Aurora product, your supplier included a WEEE disposal fee, you should then contact your supplier for advice on his take back of the product for the correct disposal.

GUARANTEE

This product is guaranteed in the UK for a period of 1 year from the date of purchase. The guarantee is invalid in the case of improper use, installation, tampering, removal of the Q.C. date label, installation in an improper working environment or installation not according to the current edition of the I.E.E. Wiring Regulations (BS7671). Should this product fail during the guarantee period it will be replaced free of charge, subject to correct installation and return of the faulty unit. Aurora does not accept responsibility for any installation costs associated with the replacement of this product. Your statutory rights are not affected. Aurora reserves the right to alter specifications without prior notice.
